PROFESSIONAL SUMMARY

Executive Virtual Assistant with real, hands-on office experience in law, medical, real estate, and bookkeeping settings, with the same work now done virtually. Before taking on virtual clients, I self-studied every niche I wanted to serve through tutorials, hands-on practice, and courses so clients get someone fully geared and well-equipped from day one. Skilled at managing calendars, emails, documents, and daily office tasks while streamlining day-to-day administration, building custom web solutions, and creating automated workflows that save dozens of hours every week. I maintain a documented, step-by-step coding portfolio, work with care, honesty, and accuracy, and bring a "can-do" attitude to every task. Equipped with a reliable internet connection and home office setup for remote work.

CORE SKILLS

Calendar & inbox management, Document drafting & filing, Law office admin, Bookkeeping, Video editing (CapCut, Canva), Client/patient communications, Data entry & records, CRM & scheduling, Confidentiality & compliance, Billing & invoicing, Social Media Management, Programming & Web Development, Versatile and adaptable, Strong written communication, "Can-do" attitude

- **Dev Platforms & Hosting:** Streamlit, Lovable, CodePen, Linux

TECHNICAL PROJECTS

Ismex Investment Platform (Self-Built Web Application)

June 2026

- Independently designed and built a two-part investment platform featuring a marketing/landing site (Lovable) and a functional web app (Streamlit, hand-coded in Python).
- Handled the full build process solo: site structure, user flow, and application logic.
- Demonstrates the ability to take a client's concept and deliver a working, live website end to end.
- **Live Site:** ismexofficial.lovable.app
- **Live App:** ismex-philippines.streamlit.app

Note: Some of my works / available web apps for sale can be found in my portfolio website.

WORK EXPERIENCE

Freelance Document Processor (On-Call), Independent Clients 2021 to Present

- Process documents for different clients on an on-call, as-needed basis.
- Prepare, format, and organize files based on each client's needs.
- Handle documents with care and confidentiality.
- Deliver completed work on time, even with short notice.
